

25th Anniversary

Future Unlimited Night

JUNIOR ACHIEVEMENT — SOUTHERN CALIFORNIA

LOS ANGELES BONAVENTURE HOTEL

JUNE 21, 1979

Welcome

FRANK H. PUHL
Vice President, Administration
and Finance
Lockheed California Company

Welcome to the 25th Annual Future Unlimited Celebration

On behalf of the Board of Directors, it is my pleasure to express to all of you our thanks for making our 25th Anniversary year the most successful in our history.

Teenage membership reached all time high of 7,200. Tonight we salute the accomplishments of our achievers. We also want to thank our advisers, coordinators and counseling firms.

Of course, this tribute would not be complete without also expressing our appreciation to our many friends in the school system of Southern California. The support and interest of both business and education is vital to Junior Achievement's success.

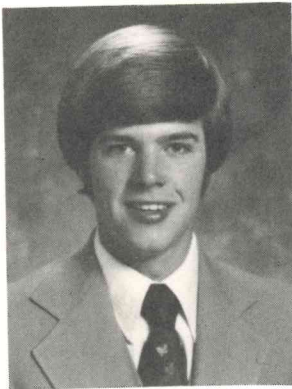

The outstanding accomplishments of many students and advisers will be recognized tonight but it is important that we remember everyone who has been involved in Junior Achievement should share in the recognition provided by tonight's celebration.

Congratulations to all of you and best wishes for a future unlimited.

A stylized, cursive handwritten signature of Frank H. Puhl in dark ink.

FRANK H. PUHL
President, Junior Achievement

Executive Awards

This is the highest individual award in JA. To qualify, an Achiever must have received the Achiever and Junior Executive Awards and have capably functioned as an elected officer of a JA company at least one full year. He or she must have personally sold at least \$125 in company products and must have attained a 90% attendance record for the current year. In addition, the applicant must complete a comprehensive written application and have the approval of at least two Advisers, the Center Manager and the District Manager.

Dale Carnegie Scholarships

Everyone knows the value of the Dale Carnegie Program and this year we are pleased to announce that our Junior Achievement students will have had an opportunity to participate in this valuable training program.

From a very modest beginning, the Dale Carnegie Program now spans more than 50 countries with 2 million graduates.

The 80 top achievers listed below have been given full scholarships for this outstanding program. Each scholarship is valued at \$490 resulting in a total grant of \$39,600.

We are sure that these scholarships will be extremely beneficial to those young leaders and to the Junior Achievement Program. We join the young people in expressing our gratitude to Dale Carnegie Courses and the local organizations' who provide these scholarships our appreciation to Mr. Robert P. King, President and Mr. Al Johnson, Associate Sponsor of the Dale Carnegie courses.

We also appreciate the cooperation by the Disneyland University for the use of their facilities as a meeting location. We also appreciate the valuable contribution by the course instructors who serve as volunteers to make this experience possible.

Company of the Year Awards

The Company of the Year finalists have been selected as the most outstanding Junior Achievement companies in Southern California. They were judged on their statistical accomplishments such as sales, profits and attendance as well as a thorough review of their records and interviews of their officers. Congratulations to the young people in these companies, their Advisers and their Counseling Firms.

Fund Campaign and Loaned Executives

Under the leadership of John E. Flood, Jr., Chairman of the Board and Chief Executive Officer, Title Insurance and Trust Company, this year's fund raising effort will have taken the Junior Achievement story to over 12,000 companies throughout the Greater Los Angeles area. This year's goal of \$600,000 is a 20% increase over last year's campaign. Mr. Flood has hosted several luncheons and spearheaded the campaign to secure loaned executives to work in this year's campaign. Our loaned executives are men and women who are working on behalf of Junior Achievement full time during the fund campaign. Their performance to date has been the most outstanding in our history. We are extremely grateful to the following companies and individuals who are loaned executives for 1979.

ART ABRAHAMSEN
Norris Industries
